Hi, I'm

Vivien Evers

Brand & Graphic Designer

I keep brands recognisable, from the poster on the wall to the story on your phone. Early in this chapter, hungry for what's next.

COMMENTS

I spent seven years in retail watching what a brand does to people in a store. Then I learned how to make one. Freelance clients, an event label, brands built from scratch, all while I was still in training. This is just the beginning.

What I do for your brand

Three things I bring to your brand.

1

Consistency across every channel.

One identity, many formats, no drift.

JCO HAMBURG, P. 5

2

Range, and knowing when to use it.

Some briefs need the brand to stay exactly itself. Others need a new world by Friday.

MUSIC IS FOR LOVERS, P. 7

3

From idea to the wall.

Concept, design, shooting, editing, print production. I stay in the loop until it’s out in the world.

NRG, P. 11

CURRENT

BRAND COMMUNICATION · CULTURAL INSTITUTION

JEWISH CHAMBER ORCHESTRA HAMBURG

Classical music doesn't need to be simplified to reach new people. It needs a way in. Ongoing brand communication for a Hamburg cultural institution.

ROLE
Brand communication, freelance

TIMEFRAME
2025–today

SCOPE
Digital & print, season-long

OUTPUT
Posters · social · paid social · reels

THE CHALLENGE

MAKE CLASSICAL MUSIC FEEL APPROACHABLE WITHOUT LOSING ITS DEPTH.

Cultural institutions face a real tension: reach new audiences without hollowing out what they are. Most pick a side: stay formal, or simplify until it stops being the work. My job is a third way: same substance, more doors in.

WHAT THIS MEANS FOR YOU

I already work inside a brand that isn't mine, with deadlines that don't move. For me that isn't a compromise. It's the job.

KEY DECISIONS

01

WORKED INSIDE THE EXISTING IDENTITY

Credibility takes decades to build and one season to lose.

02

AWARENESS FIRST, TICKETS SECOND

Concert promo only reaches people already looking. Visibility reaches the rest.

03

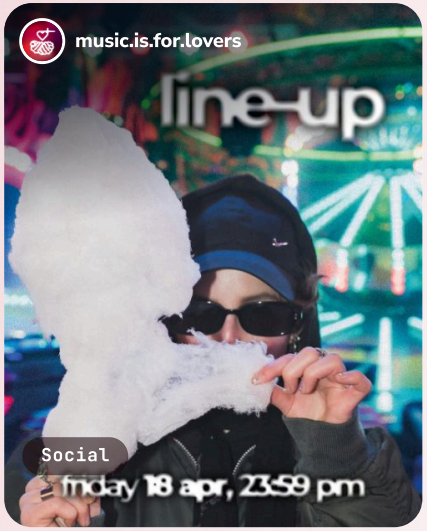

CHANGED THE FRAMING, NOT THE SUBSTANCE

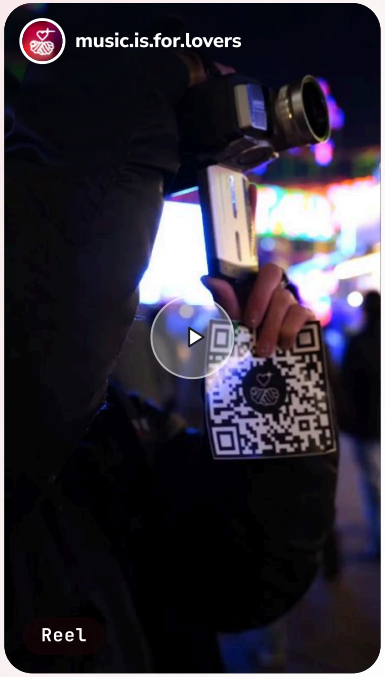

We lead with the people and stories behind the music, not the programme.

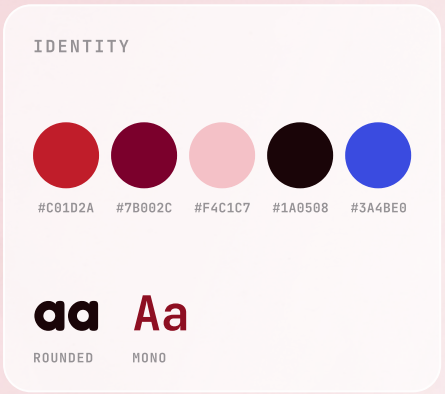

OUTCOME

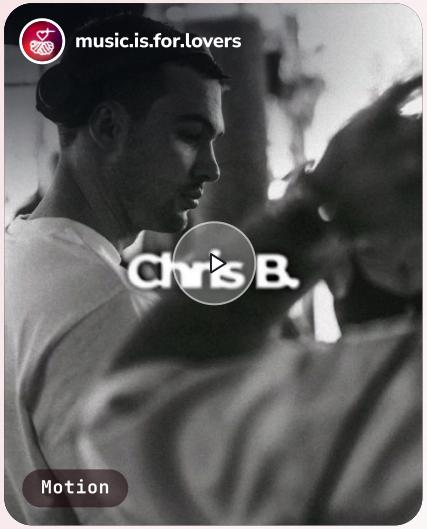

One voice across JCO and Ami Technu, from season poster to paid social. JCO now shows up in places it never did before.

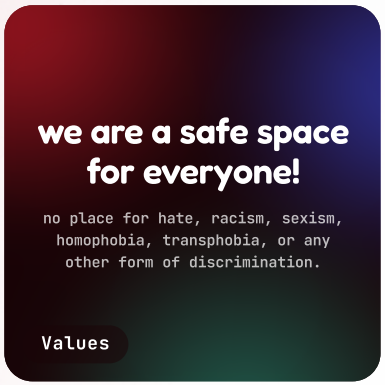

CO-FOUNDER · CREATIVE LEAD

music is for lovers

A house music label that curates its own nights. A house of brands, not a branded house: what connects them is taste, not a template.

THE CURATOR

Music is for Lovers. Curates the music, the nights and the attitude.

THE SERIES

Studio Liebe and NRG. Each with its own music world and its own identity.

THE NIGHT

Every single event. Its own theme, sometimes clearly part of the series, sometimes deliberately not.

ROLE
Co-Founder · Creative Lead since 2025

TIMEFRAME
2022–2026

SCOPE
Campaigns · social · print · on-site

THE CHALLENGE

MAKE EVERY NIGHT FEEL LIKE SOMETHING YOU SHOULDN'T MISS.

When I became creative lead in 2025, I stopped rolling one look out across every event. Each night now gets its own theme, visuals and story. For MI4L by night in April 2025, the theme was the Hamburger Dom after dark.

WHAT THIS MEANS FOR YOU

I can build a new visual direction fast, and still protect the one thing that makes a brand recognisable.

KEY DECISIONS

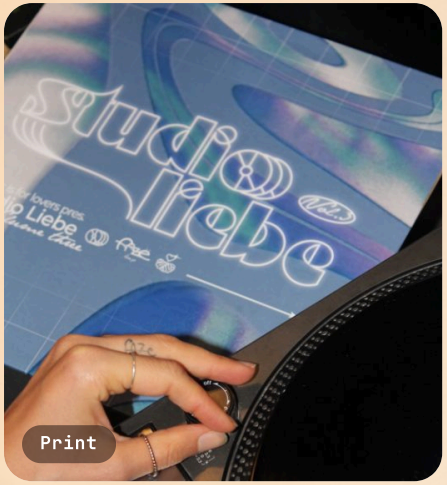

01 **THE DOM, RIGHT NEXT DOOR**
Line-up revealed between the rides, the date over the Ferris wheel.

02 **MELANCHOLY, IN RETRO**
Shot on an old camcorder and a modern camera, mixed with Dom footage from 1999.

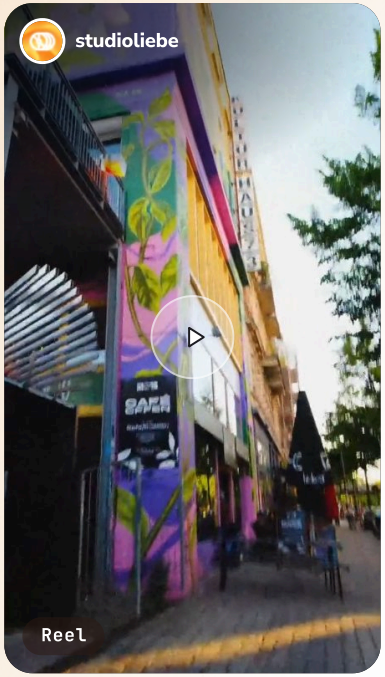

03 **KEPT ONE CONSTANT**
The heart-and-hands mark. Always MI4L, never the same twice.

OUTCOME

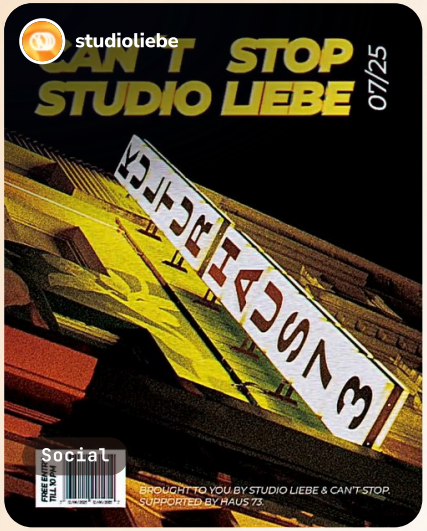

Every night felt new to first-timers and familiar to regulars.

CREATIVE LEAD · CURATED BY MUSIC IS FOR LOVERS

STUDIO LIEBE

Disco and house, warm and intimate. Curated by Music is for Lovers, with an identity entirely its own.

ROLE

Creative Lead, visual communication (since 2025)

TIMEFRAME

2023–2026

SCOPE

Poster · digital · print · on-site

THE CHALLENGE

TAKE OVER A BRAND WITHOUT BREAKING IT. THEN GIVE A COLLAB ITS OWN LOOK.

Studio Liebe had its look before I took over. Then came a collab series with Can't Stop at Haus 73, and it needed a look of its own.

WHAT THIS MEANS FOR YOU

I can keep a brand I didn't build intact, and give a partner project its own look without touching the core.

KEY DECISIONS

01 PROTECTED THE LOOK

The identity already worked. No reason to reinvent it.

02 A COLLAB GETS ITS OWN IDENTITY

Cassette tapes, bold line-up cards, a safe-space statement on every flyer.

03 OWNED THE PRINT CHAIN

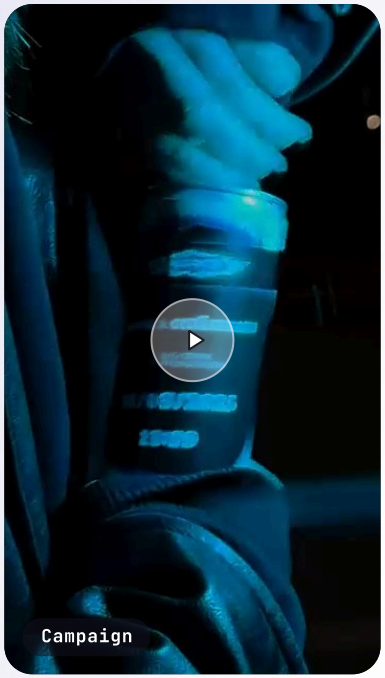

Format, bleed, printer, deadline.

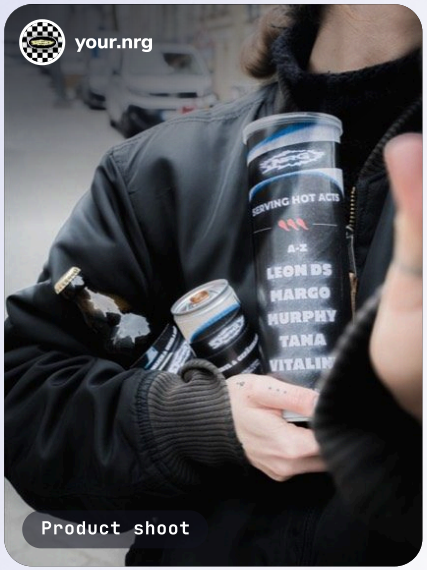

OUTCOME

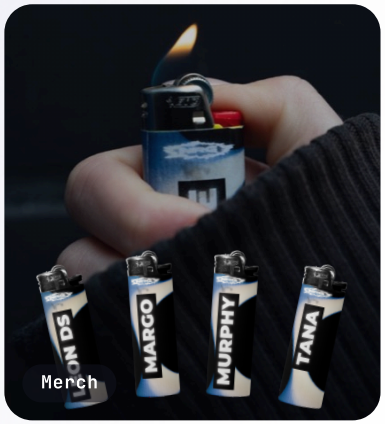

The Studio Liebe logo still glows inside Haus 73, visible from the street.

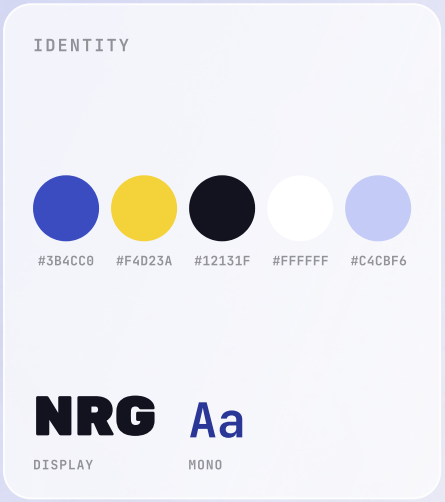

VISUAL IDENTITY · CAMPAIGNS · CURATED BY MUSIC IS FOR LOVERS

NRG

Tech house, harder and louder. A recurring night at Uebel & Gefährlich. I built its identity, its campaigns and the small things guests took home.

ROLE
Visual identity · campaigns, creative lead since 2024

TIMEFRAME
2024–2026

SCOPE
Campaigns · social · print · merch

THE CHALLENGE

MAKE PEOPLE FEEL THE ENERGY OF THE NIGHT BEFORE THEY HEAR A SINGLE TRACK.

The logo came from a designer we brought in. The rest is mine. NRG reads as energy, so the night behaves like an energy brand. And since everyone shops before a night out, that run became the campaign.

WHAT THIS MEANS FOR YOU

I can take a single logo and build everything around it: identity, campaign, merch and the video that sells it. And I know a good idea is often the most literal one.

KEY DECISIONS

01 **ENERGY, TAKEN LITERALLY**
Cans, powder, a mascot. Not another club flyer.

02 **THE SUPERMARKET RUN**
Beer, chips, batteries, energy cans. Relatable, real and a little funny.

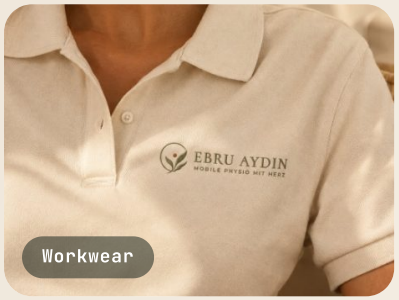

03 **FROM IDEA TO FINAL CUT**
Concept with Leon. Products, filming and editing by me.

OUTCOME

A regular night at Uebel & Gefährlich, and a brand people could hold.

BRAND IDENTITY · WEB · FREELANCE

Mobile Physio mit Herz

A brand from zero for a mobile physiotherapy practice in Hamburg. Logo, colours, type, website and the car she drives to her patients. Built so a stranger trusts her before she rings the doorbell.

ROLE
Brand, logo & web design, solo

CLIENT
Mobile physiotherapy practice, Hamburg

TIMEFRAME
2026

TYPE
Freelance

WHAT THIS MEANS FOR YOU

I treat a logo as a system with variants and rules, so it works on an Instagram avatar and on the side of a car.
